Car Wraps in Orange County

Almost everyone in America travels by motor vehicle-for work, school, socializing or vacation. Why not tap into this captive audience for some truly effective advertising? STG Signs provides impressive, full-color fleet and car graphics that will get noticed thousands of times a day. Business owners all over Orange County use vehicle wraps to attract new customers, maximizing the prospective coverage area.

Our high-quality, high-resolution car graphics in Orange County represent one of the most cost-effective methods of advertising available. One car wrap can potentially generate more than 30,000 impressions each day, depending on how much you're on the move. This is much stronger than typical print advertising-plus you only pay once for vehicle wraps, which are yours to keep. This is a great way for a business to advertise special promotions or for a home-based business to get its name on everyone's minds and stay there.

An Orange County car wrap from STG Signs can be customized to reflect exactly what your business wants to promote. You can place auto graphics on the full vehicle, or just half-or even a quarter. Even better, vehicle graphics are not just limited to cars-they can be made to fit trucks, SUVs, vans, sport bikes, motorcycles or boats! Wherever and however you go, we can make it work. Need a fleet full of vehicle wraps? We can do that, too.
